---

## CAREER OBJECTIVE

A Dedicated Django Developer skilled in Python, Django, SQL, and Machine Learning, with hands-on experience building scalable and efficient web applications. Passionate about continuous learning and adopting modern technologies to improve development practices.

---

## INTERNSHIPS & WORK EXPERIENCE

**JK Innovative Private Limited, Amravati**

Dec 2024 – Jan 2025

**Django Developer Intern**

- Developed and optimized Django web applications, designing models, views, and templates to ensure efficient data processing and a seamless user experience.
- Managed MySQL databases using Django ORM, optimizing data retrieval, handling schema migrations, and improving backend performance and maintainability.

**AICTE Remote Internship**

April 2025 - June 2025

**Python Full Stack Virtual Intern**

- Built responsive Django web applications using HTML, CSS, JavaScript, and SQL.
- Implemented REST APIs, secure user authentication and scalable backend logic.

**AICTE Remote Internship**

Nov 2024 – Dec 2024

**Google AI-ML Virtual Intern**

- Gained experience in machine learning algorithms, model building, and deployment using Python.
- Built and evaluated ML models using Pandas and Scikit-learn with data preprocessing for accurate insights.

---

## PROJECTS

**MediMatch – Medicine Recommendation System**

- Built a Django-based medicine recommendation system using user-provided symptoms.
- Implemented TF-IDF-based ML models with Scikit-learn for data-driven recommendations.
- Managed data using SQLite and Django ORM and developed a responsive UI following Django MVT architecture.

**ShopNexa - E-Commerce Web Application**

- Built a full-stack e-commerce web application using Python and Django with secure authentication and shopping cart functionality.
- Implemented category-based filtering, pagination, SEO-friendly URLs, and a custom user model using Django ORM.
- Developed a responsive Bootstrap UI and managed inventory using Django Admin Panel and MVT architecture.

## TECHNICAL SKILLS

- Programming: Python, SQL
  - Libraries & Frameworks: Django, NumPy, Pandas, Matplotlib
  - Databases: MySQL, SQLite
  - Tools & Platforms: Git, GitHub, Jupyter Notebook, PyCharm, VS Code
  - Deployment & DevOps: Heroku, Render, GitHub Actions (CI/CD)
  - Concepts: REST APIs, Machine Learning, MVT Architecture
- 

## EDUCATION DETAILS

<b>P. R. Pote Patil College of Engineering &amp; Management, Amravati</b> Bachelor of Engineering in AI & Data Science	<b>2022 - 2026</b>
<b>The New Era Junior College, Jalgaon Jamod</b> Higher Secondary Education (12th)	<b>2022</b>
<b>The New Era High School, Jalgaon Jamod</b> Secondary Education (10th)	<b>2020</b>

---

## COURSES & CERTIFICATIONS

- Python Programming – NPTEL
  - Django Framework – CAD Desk+
  - TCS iON Career Edge – TCS
  - AWS - Forage
  - AI for Beginners - HP Life
- 

## EXTRACURRICULARS & ACHIEVEMENTS

### Google Developer Group (GDG), PRPCEM

- Contributed to Google Developer Group activities at P. R. Pote College of Engineering and Management (PRPCEM).

### Global AI Bootcamp 2025, PRPCEM

- Secured 1st place in the AI Quiz Competition at the Global AI Bootcamp held at P. R. Pote College of Engineering and Management (PRPCEM).
